1. Start with a square piece of paper, coloured side up. Fold in half twice as shown to create these creases.

2. Turn the paper over to the white side. Fold the paper in half, crease well and open, and then fold again in the other direction.

3. Using the creases you have made, Bring the top 3 corners of the model down to the bottom corner. Flatten model, as shown.

4. Fold top triangular flaps into the centre and unfold.

5. Fold top of model downwards, crease well and unfold.

6. Open the uppermost flap of the model, bringing it upwards and pressing the sides of the model inwards at the same time. Flatten down, creasing well.

7. Turn model over and repeat Steps 4-6 on the other side.

8. Fold "legs" upward **flush with** the outside edges, then open again.

9. Use the creases just made to inside reverse fold these parts.
If you have trouble, ask someone who does origami.

10. Inside reverse fold the head, and fold down the wings as shown. Then partially open them up again.

Finished flapping bird.
To make the wings flap forward, pull the tail **while holding circles**.
